Successes

Insurance Coverage - East Bank Primary Care Associates, LLC v. USI Gulf Coast, Inc., et al

Mr. Kerrigan and Mr. Esnard handled this case where a medical clinic filed suit against its insurer and broker for alleged business interruption losses in the amount of \$900,000, which it sustained as a result of Hurricane Katrina. The firm represented the broker and successfully obtained a dismissal via summary judgment on the grounds that the medical clinic's claims were preempted under La. R.S. 9:5606.
